Executive Director's Statement

DEAR SHAREHOLDERS.

On behalf of the Board of Directors of Arion Entertainment Singapore Limited (f.k.a Elektromotive Group Limited) (the "Company"), I am pleased to present the annual report of the Company and its subsidiary corporations (the "Group") for the financial year ended 31 March 2017 ("FY 2017").

YEAR IN REVIEW

During FY 2017, the Group divested its investments in Wine & Dine Experience Pte Ltd ("WDE") and Elektromotive Limited and its subsidiary corporations ("EUK") in April 2016 and January 2017 respectively. Post the divestment of WDE and EUK, the Group currently has publishing operations in Malaysia and is actively seeking new business opportunities.

FINANCIAL PERFORMANCE FY2017 INCOME STATEMENT REVIEW

The (loss)/profit from the electric vehicles ("EV") charging solutions division have been classified as discontinued operations in FY 2017 and the financial year ended 31 March 2016 ("FY 2016").

Revenue from continuing operations for FY 2017 decreased 58.1% to \$\$0.93 million as compared to \$\$2.21 million in FY 2016 due to a decrease in revenue from our Malaysian publishing operations of \$\$0.17 million and the revenue attributable to WDE of approximately \$\$1.12 million in FY 2016.

DIRECT COSTS

Printing and editiorial costs decreased by 34.7% to S\$0.54 million as compared to S\$0.82 million in FY 2016. The decrease was mainly attributable to WDE costs of approximately S\$0.24 million in FY 2016.

Employee compensation increased by 21.7% to \$\$2.72 million as compared to \$\$2.24 million in FY 2016 mainly due to damages for contractual breach paid to executive directors who stepped down during FY 2017 amounting to \$\$1.71 million and partially offset by the absence of employee compensation for WDE of approximately \$\$0.56 million in FY 2017.

Amortisation, depreciation and impairment decreased by 95.3% to \$\$0.18 million as compared to \$\$3.84 million in FY 2016 largely due to absence of an impairment loss in goodwill on consolidation of \$\$3.78 million in respect of the Group's investment in the EV division.

Operating lease expenses decreased by 67.3% to \$\$55,000 as compared to \$\$0.17 million in FY 2016 largely due to disposal of WDE amounting to \$\$90,000.

Professional fees and other expenses increased by 5.8% to S\$2.10 million as compared to S\$1.98 million in FY 2016 largely due to the disposal of WDE of approximately S\$0.3 million.

Taken together, the Group posted a net loss attributable to shareholders of S\$7.31 million as compared to a loss of S\$6.32 million in FY 2016.

FINANCIAL POSITION AND CASH FLOW REVIEW

As at 31 March 2017, the Group's Net Asset Value ("NAV") after deducting non-controlling interests decreased to \$\\$2.53 million from \$\\$3.63 million in the beginning of the year. NAV per share as at 31 March 2017 was 0.07 cents as compared with 0.21 cents as at 31 March 2016.

The decrease in trade and other receivables was mainly due to the disposal of WDE of approximately \$\$0.4 million and disposal of EUK of approximately \$\$0.71 million.

The decrease in inventories, other current assets, property plant and equipment and intangible assets is due to the disposal of EUK.

The decrease in trade and other payables is due to:

- completion of the placement 700 million new shares of \$\\$3.5 million for which the proceeds were received prior to 31 March 2016:
- settlement in FY 2017 of severance payment to employees of S\$0.35 million;
- · S\$0.33 million arising from the disposal of WDE; and
- · disposal of EUK of approximately S\$2.07 million.

The decrease in borrowings is due to the disposal of EUK.

Cash and cash equivalents as at 31 March 2017 was \$\\$3.86 million as compared to \$\\$4.19 million as at 31 March 2016.

Cash used in operating activities increased by \$\$0.60 million to \$\$3.34 million in FY 2017 as compared to \$\$2.74 million in FY 2016 largely due to the operating loss incurred by our EV division.

Cash generated from financing activities decreased to S\$2.21 million as compared to S\$6.16 million in FY 2016 due to lower proceeds received from the issuance of new shares arising from placement and rights issue.

THE YEAR AHEAD

The Company has publishing operations in Malaysia which is cash flow positive in FY 2017.

To-date, the Company is actively seeking new business opportunities, including but not limited to acquisitions that may result in a reverse takeover transaction.

ACKNOWLEDGEMENTS

On behalf of the Board, I would like to express my deepest appreciation to our shareholders, customers, business associates and suppliers for their unwavering support. I would also like to thank the Board of Directors for their invaluable guidance in steering the company through difficult times. Together we shall work towards our goal of sustainable growth for the Group and creation of value for our shareholders.

Finally on behalf of the Board, I would like to express our thanks to Mr Ricky Ang Gee Hing for his contribution and services to the Company these past years. Mr Ricky Ang was the Company's Managing Director for more than twenty years and has stepped down as a Non-Executive and Non-Independent Chairman on 21 November 2016.

Team Management

MS. CHONG CHYE WAN

President, Publishing Malaysia

Ms. Chong Chye Wan is the President, Malaysia Publishing and is in charge of the day-to- day management of the Group's operations in Malaysia. Ms Chong started her career as an Auditor with an international public accounting firm based in Kuala Lumpur and moved on to join several Malaysian public listed companies in their finance departments. She is a Certified Public Accountant and holds a Bachelor of Accounting degree (Hons) from the University of Malaya.

MS. NG HWEE LING

Chief Financial Officer

Ms. Ng Hwee Ling is the Chief Financial Officer of the Group. Ms Ng is responsible for overseeing the Group's financial and management accounting, and payroll matters. Prior to joining the Group, she was an Auditor with an international public accounting firm. Ms Ng is a Certified Public Accountant and holds a Bachelor of Accountancy degree (Hons) from the Nanyang Technological University, Singapore.

The Board of Directors (the "Board") of Arion Entertainment Singapore Limited (formerly known as "Elektromotive Group Limited") (the "Company" and together with its subsidiary corporations, the "Group") recognises the significance of sound corporate governance in ensuring greater transparency, protecting the interests of its shareholders as well as strengthening investors' confidence in its management and financial reporting. It is committed to maintaining a high standard of corporate governance within the Group based on which its operations, businesses and strategies are directed and controlled.

This report describes the Company's corporate governance processes that were in place for the financial year ended 31 March 2017 ("FY 2017"), with specific reference made to the principles of the Code of Corporate Governance 2012 (the "Code"), and the disclosure guide developed by the Singapore Exchange Trading Limited (the "SGX-ST") in January 2015. Where applicable, deviations from the Code are explained.

BOARD MATTERS

(1) Board's Conduct of its Affairs

The Board holds meetings on a regular basis throughout the year to review and approve the Group's major strategic plans as well as major investments, disposals and funding matters. The Board is also responsible for the overall corporate governance of the Group. Ad-hoc meetings are also held when the need arises. Attendance of the Directors at meetings of the Board and Board committees, as well as the frequency of such meetings during FY 2017 are as follows:

Attendance at Meetings								
				Nominating Committee		Remuneration Committee		
Name	No. of meetings held	No. of meetings attended						
Ng Kai Man	2	2	_	_	_	_	_	_
Chou Kong Seng	2	2	2	2	_	_	_	_
Roy Ling Chung Yee	2	2	2	2	_	_	1	1
Kesavan Nair	2	2	2	2	1	1	_	_
Lee Keng Mun	2	2	_	_	1	1	1	1
Tai Kok Chuan	2	2	_	_	1	1	1	1
Ricky Ang Gee Hing (1)	2	2	_	_	_	_	_	_
Tan Chong Chai (2)	2	1	_	_	_	_	_	-

Notes:

- (1) Mr Ricky Ang Gee Hing has resigned as a Non-Executive and Non-Independent Chairman on 21 November 2016.
- (2) Mr Tan Chong Chai has resigned as an Executive Director on 23 May 2016.

The Directors are updated regularly on changes in Company policies, Board processes, corporate governance and best practices.

Key matters that are specifically reserved for the Board's consideration and decision include, but are not limited to, matters involving a conflict of interest for a substantial shareholder or Director, corporate planning, public release of periodic financial results, material acquisitions and disposals of assets, corporate or financial restructuring, share issuances, formulation of any dividend policy or the change of such dividend policy and declaration of dividends, and nomination of directors to the Board.

(2) Delegation of Authority to Board Committees

To facilitate effective management, the Board has delegated certain functions to the Board committees, namely the audit committee ("Audit Committee"), the remuneration committee ("Remuneration Committee") and the nominating committee ("Nominating Committee"), to ensure that there are appropriate checks and balances. These Board committees operate within clearly defined terms of reference which are reviewed from time to time. As at 31 March 2017, the Audit Committee, the Remuneration Committee and the Nominating Committee each comprises entirely of Independent Directors.

Orientation, briefings, and training provided for Directors

Newly appointed Directors will be briefed by the Executive Director on the Directors' duties and obligations, and on the Group's organization structure, business and governance practices.

During the financial year reported on, the Directors had received updates on the regulatory changes to the Listing Manual Section B: Rules of Catalist ("Rules of Catalist") of the Singapore Exchange Securities Trading Limited ("SGX-ST"), Companies Act from the Company Secretary and accounting standards from the independent auditors. The Executive Director updates the Board at each Board meeting on business and strategic developments and also highlights the salient issues as well as the risk management considerations for the Group.

(3) Board Composition and Guidance

The Board comprises one Executive Director and five Independent Directors. The Company endeavours to maintain a strong independent element on the Board. Five of the Directors are independent thereby fulfilling the Code's requirement that at least half of the Board should comprise independent directors when the Chairman is part of the managing team. Key information regarding the Directors can be found under the "Board of Directors" section of this annual report.

The Company does not have any alternate directors.

The Independent Directors have confirmed that they do not have any relationship with the Company or its related corporations, its 10% shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of their independent business judgement with a view to the best interests of the Company. The Nominating Committee evaluates on an annual basis whether or not a Director is independent in accordance with the Code. The Nominating Committee has reviewed and determined that the Independent Directors are independent.

There are no Independent Directors whom have served on the Board beyond nine years from the date of his first appointment.

The Nominating Committee is of the view that the current Board exhibits a level of independence that sufficiently enables the Board to exercise objective judgment on corporate affairs independently from the management. The Nominating Committee is also of the view that no individual or small groups of individuals dominate the Board's decision-making processes.

The Board continually reviews its size and composition with a view towards the refreshing of the Board and to strike the appropriate balance and diversity of skills, experience, and knowledge of the Company to support the Group's businesses and strategy.

The current directors bring with them a wealth of experience and a broad range of expertise relevant to the Group's businesses and strategy, including accounting, finance, business and management, strategic planning, and regional business experience. The key information and profiles of the directors can be found on pages 4 and 5 of the Annual Report.

Board membership is refreshed progressively and in an orderly manner, bearing in mind the contributions from longstanding directors who have over time developed an understanding and insight into the Group's businesses.

To meet the changing challenges in the industry and countries which the Group operates in, such reviews, which includes considering factors such as the expertise, skills and perspectives which the Board needs against the existing competencies would be done on an annual basis to ensure that the Board dynamics remain optimal.

The Board is of the view that the size of the current board, comprising six Directors is appropriate, with reference to the scope and extent of the Group's operations. The Company's Independent Directors enhance the Board with increased knowledge, business contacts, proven business and commercial experience. This balance is important in ensuring that the strategies proposed by the executive management are fully discussed and examined, taking into account the long term interests of the Group.

(4) Chairman and Chief Executive Officer

Mr Ng Kai Man, the Executive Director of the Company, has full executive responsibilities over business directions and operational decisions of the Group. The Board reviews all major decisions made by the Executive Director. The Nominating Committee periodically reviews his performance and his appointment to the Board and the Remuneration Committee periodically reviews his remuneration package.

The Board has not appointed any lead independent director taking into consideration the Board size and the size of the Group's operation. Independent Directors, individually and collectively, are and have been available to shareholders as a channel of communication between shareholders and the Board or management.

(5) Board Membership

The Nominating Committee comprises Messrs Kesavan Nair (an Independent Director), Lee Keng Mun (an Independent Director) and Tai Kok Chuan (an Independent Director). Mr Nair is the Chairman of the Nominating Committee. The key responsibilities of the Nominating Committee are (i) to review the size and composition of the Board and Board Committees, (ii) to ensure that the board has the appropriate balance of expertise, skills, knowledge, experience, attributes and abilities, (iii) to review Directors' independence and performance and (iv) to review the training and professional development programmes for Board members.

We believe that Board renewal must be an on-going process, to ensure good corporate governance and to maintain relevance to the business as well as changing needs of the Company. The Constitution of the Company requires one-third of the Directors to retire and subject themselves to re-election by shareholders at every annual general meeting ("AGM") such that no Director stays in office for more than three years without being re-elected by shareholders.

The Nominating Committee has recommended to the Board that Mr Chou Kong Seng and Mr Ng Kai Man be nominated for re-election at the Company's forthcoming AGM. Mr Chou will, upon re-appointment as a Director of the Company, remain as an Independent Non-Executive Director and the Chairman of the Audit Committee. Mr. Chou is considered independent for the purpose of Rule 704(7) of the Catalist Rules. Mr Ng will, upon reappointment as a Director of the Company, remain as an Executive Director.

The Nominating Committee may identify candidates for appointment as new Directors through business network of Board members or engage external independent professional advisors in the search for suitable candidates. The Nominating Committee will generally identify suitable candidates skilled in core competencies such as strategic planning, accounting or finance and business or management expertise. If the Nominating Committee decides that a candidate is suitable, the Nominating Committee would recommend its choice to the Board of Directors.

The Nominating Committee, after reviewing the respective list of directorships held by each Director as well as their attendance and time committed to Company's affairs, is satisfied that all Directors who sit on multiple boards are able to devote adequate time and attention to the affairs of the Company and to fulfill their duties as Directors. The Board has set the maximum number of 10 listed company board representations which any Director of the Company may hold at any one time. All Directors have complied with this requirement.

(6) **Board Performance**

The Nominating Committee uses its best efforts to ensure that Directors appointed to the Board possess the relevant background, experience and knowledge and that each Director brings to the Board an independent and objective perspective to enable balanced and well-considered decisions to be made.

The view on the Board's effectiveness was formed by looking at various criteria including: the composition and size of the Board, Board processes, the effectiveness of the Board Committees, the Board's access to information and how the Board tracks performance and manages risks. In FY 2017, the Nominating Committee has conducted the assessment by preparing a questionnaire to be completed by each Director, of which were then collated and the findings analysed and discussed with a view to implement certain recommendations to further enhance the effectiveness of the Board.

Following the review, the Board is of the view that the Board and its Board Committees operate effectively and each Director is contributing to the overall effectiveness of the Board.

The Board has allocated budgets for Directors to attend training and will make recommendations to the Board on the training and professional development programmes for the Board members.

The Nominating Committee has assessed the current Board's performance to-date and is of the view that performance of the Board as a whole has been satisfactory.

(7) Access to Information

It is the aim of the Board to provide shareholders with a balanced and understandable assessment of the Company's performance, position and prospects. This responsibility extends to the interim and full year financial results announcements, other price-sensitive public reports and reports to regulators (if applicable).

For the Board to fulfill its responsibilities, management has to provide adequate and timely information to the Board on affairs and issues that require the Board's decision as well as ongoing reports relating to operational and financial performance of the Company and the Group. Whenever appropriate, senior managers who can provide additional insight on the matters to be discussed are invited to attend the Board meetings. The Company Secretary and/ or his representative attends Board meetings.

The Board has separate and independent access to the senior management and the Company Secretary at all times. Where necessary, the Company will, upon the request of Directors (whether as a group or individually), provide them with independent professional advice, at the Company's expense, to enable them to discharge their duties. The appointment and removal of the Company Secretary is decided by the Board as a whole.

Remuneration Matters

- (8) Formal and transparent procedure for fixing remuneration packages of directors
- (9) Level and Mix of Remuneration
- (10) Disclosure of Remuneration

The function of the Remuneration Committee is to review the remuneration of the Executive Director and key management personnel of the Company and to provide a greater degree of objectivity and transparency in the determination of their remuneration.

The Remuneration Committee comprises Messrs Roy Ling Chung Yee (an Independent Director), Lee Keng Mun (an Independent Director) and Tai Kok Chuan (an Independent Director). Mr Ling is the Chairman of the Remuneration Committee.

The Remuneration Committee reviews and recommends to the Board, in consultation with management, a framework for all aspects of remuneration. The Remuneration Committee also determines the specific remuneration packages and terms of employment for each of the Executive Director of the Company including those employees related to the Executive Directors and controlling shareholders of the Company as well as key management personnel. The recommendations of the Remuneration Committee are submitted for endorsement by the Board. All aspects of remuneration, including but not limited to directors' fees, salaries, allowances, bonuses, options and benefits in kind are covered by the Remuneration Committee.

The Remuneration Committee has access to expert professional advice on compensation matters whenever there is a need to consult externally. In its deliberations, the Remuneration Committee takes into consideration industry practices and norms in compensation, in addition to the Company's relative performance to the industry and the performance of the individual Directors. No remuneration consultants were engaged by the Company in FY 2017.

The Executive Director has entered into service agreement with the Company. The service agreement cover the terms of employment, specifically salary and other benefits.

The Non-Executive Directors receive directors' fees in accordance with their level of contributions, taking into account factors such as responsibilities, effort and time spent serving on the Board and Board committees. The directors' fees are recommended by the Board and are subject to the approval of shareholders at the AGM.

Directors' Remuneration

Our Executive Directors' remuneration consists of salary, allowances and bonuses. No Director will be involved in deciding his own remuneration. Directors' fees for Independent Directors and Executive Directors are subject to approval of shareholders at the AGM.

The remuneration paid or payable to Directors during the financial year is as follows:

Name	Salary	Bonus	Allowances & Others	Directors' Fee	Total Remuneration
Above \$\$500,000 Ricky Ang Gee Hing (1)	6%	10%	84%	-	100%
\$250,000 to \$500,000 Tan Chong Chai ⁽²⁾ Ng Kai Man ⁽³⁾	2% 22%	– 74%	98% -	– 4%	100% 100%
\$250,000 and below					
Chou Kong Seng	_	_	_	100%	100%
Kesavan Nair	_	_	_	100%	100%
Lee Keng Mun	_	_	_	100%	100%
Roy Ling Chung Yee	_	_	_	100%	100%
Tai Kok Chuan	_	_	_	100%	100%

Notes:

- (1) Mr Ricky Ang Gee Hing has resigned as the Non-Executive and Non-Independent Chairman on 21 November 2016. Mr Ang's remuneration included damages paid for contractual breach of his service agreement.
- (2) Mr Tan Chong Chai has resigned as an Executive Director on 23 May 2016. Mr Tan's remuneration included damages paid for contractual breach of his service agreement.
- (3) Mr Ng Kai Man was appointed as an Executive Director on 9 March 2016 and his service agreement with the Company commenced on 14 January 2017. Mr Ng was consequently paid a bonus for his services rendered to the Group from 9 March 2016 to 13 January 2017.

The Board is of the view that the information on Directors' and key management personnel's remuneration disclosed in the Annual Report would be sufficient for shareholders to have an adequate understanding of the Company's remuneration policies and practice. The Board believes that the disclosure provided is in the interest of the Company given the highly competitive business environment and allowing Directors and key management staff to maintain some degree of their personal confidentiality on remuneration matters.

The Board has also recommended a fixed fee for non-executive Directors, taking into account the effort, time spent and responsibilities of each non-executive Director.

All the Directors receive directors' fee for attending to Board matters. For chairing committees, a Director receives a small additional fee. A Director who serves for part of the financial year will receive pro-rated director's fee. Total directors' fee in FY 2017 amounted to \$\$195,650.00 (2016: \$\$178,482.50).

Remuneration of Top Five Key Management Personnel

The Group only has three key management personnel. The remuneration received by the top three key management personnel (who are not Directors or the CEO) in FY 2017 is below \$250,000 in each case.

Name	Salary	Bonus	Total
Calvey Taylor-Haw (1)	100%	_	100%
Ng Hwee Ling	92%	8%	100%
Chong Chye Wan	100%	_	100%

⁽¹⁾ Mr Calvey Taylor-Haw is the Managing Director of Elektromotive Limited ("EUK"). The Company has completed the disposal of EUK and its subsidiary corporations in January 2017.

The total remuneration paid to or accrued for the top three key management personnel (who are not Directors or the CEO) for FY 2017 was S\$0.34 million.

There were no employee who was an immediate family member of any Director or Managing Director of the Company and whose remuneration exceeded \$\$50,000 in FY 2017.

Share Incentive Scheme

Arion Entertainment Singapore Limited (f.k.a. Elektromotive Group Limited) Employees' Share Option Scheme (the "AES ESOS")

On 30 July 2014, members of the Company approved and adopted the AES ESOS at an extraordinary general meeting ("EGM"). The AES ESOS is administered by the Remuneration Committee (the "Committee") comprising Mr Roy Ling Chung Yee, being Chairman of the Committee, Mr Lee Keng Mun and Mr Tai Kok Chuan.

In exercising its discretion in administering the AES ESOS, the Committee must act in accordance with any guidelines that may be provided by the Board of Directors. The Committee shall refer any matter not falling within the scope of its terms of reference to the Board. The Committee shall have the power, from time to time, to make and vary such terms for the implementation of the AES ESOS as it thinks fit.

The AES ESOS is intended to provide participants an opportunity to participate in the equity of the Company so as to motivate them to greater dedication, loyalty and higher standards of performance, and to give recognition to those who have contributed significantly to the growth and performance of the Company and/ or the Group.

(a) Eligible participants

- Group employees who have attained the age of 21 years and hold such rank as may be designated by the Committee from time to time; and
- Directors of the Company.

The selection of employees and the number of shares which are the subject of each award to be granted to employees in accordance with the AES ESOS shall be determined at the absolute discretion of the Committee, which shall take into account criteria such as rank, job performance, creativity, innovativeness, entrepreneurship, years of service and potential for future development, contribution to the success and development of the Group and the extent of effort and resourcefulness required to achieve the performance target(s) within the performance period. The controlling shareholders or their associates and associated company employees are not eligible for selection to participate in the AES ESOS.

(b) Size and duration

The aggregate number of shares which may be issued or transferred pursuant to awards granted under the AES ESOS on any date, when added to the aggregate number of shares issued and issuable and/or transferred and transferable in respect of (a) all awards granted under the AES ESOS and (b) all awards, shares and options granted under any other share scheme implemented by the Company and for the time being in force, shall not exceed 20% of the total number of issued shares of the Company (excluding treasury shares) on the day preceding that date.

The AES ESOS shall continue in force at the discretion of the Committee, subject to a maximum period of 10 years commencing from 30 July 2014, provided always that the AES ESOS may continue beyond the 10-year period with the approval of the shareholders in a general meeting and of any relevant authorities which may then be required. Notwithstanding the expiry or termination of the AES ESOS, any awards made to employees prior to such expiry or termination will continue to remain valid.

Details of the share options granted can be found on pages 25 to 26 of the Annual Report.

Arion Entertainment Singapore Limited (f.k.a. Elektromotive Group Limited) Performance Share Plan (the "AES PSP")

The AES PSP was approved and adopted by shareholders at an EGM of the Company held on 7 September 2007. The AES PSP is intended to recruit, attract and retain participants to higher standards of performance and encourage greater dedication and loyalty, enable the Company to give recognition to past contribution and services, as well as motivate participants to contribute to the long-term prosperity of the Group.

(a) Eligible participants

- Group employees who have attained the age of 21 years and hold such rank as may be designated by the Committee from time to time; and
- Directors of the Company.

The selection of employees and the number of shares which are the subject of each award to be granted to employees in accordance with the AES PSP shall be determined at the absolute discretion of the Committee, which shall take into account criteria such as rank, job performance and potential for future development, contribution to the success and development of the Group and the extent of effort and resourcefulness required to achieve the performance target(s) and/or service condition(s) within the performance period. The controlling shareholders or their associates and associated company employees are not eligible for selection to participate in the AES PSP.

(b) Size and duration

The total number of new Shares issued pursuant to awards granted under the AES PSP, when added to the number of new Shares issued and issuable in respect of (a) all Awards granted under the PSP; (b) all Options under the AES ESOS; and (c) all Shares or awards granted or to be granted under any other share option or share incentive schemes of the Company then in force, shall not exceed 15% of the number of issued Shares of the Company on the day preceding the relevant date of the award. The PSP shall continue in force at the discretion of the Committee, subject to a maximum period of 10 years commencing on the date on which it is adopted by the Company in general meeting, provided always that the AES PSP may continue beyond the above stipulated period with the approval of Shareholders in a general meeting and of any relevant authorities which may then be required.

The AES PSP may be terminated at any time at the discretion of the Committee, or by an ordinary resolution passed by the Shareholders in a general meeting subject to all other relevant approvals which may be required.

Notwithstanding the expiry or termination of the AES PSP, any awards made to the participants prior to such expiry or termination will continue to remain valid.

The AES PSP awards fully paid shares to participants who have achieved pre-determined targets. The shares are settled by physical delivery of shares by way of issuance of new share by the Company or transfer of treasury shares to the participants. The Company has granted 47,500,000 performance shares since commencement of the AES PSP. There were no unissued shares of the Company under the AES PSP in FY 2017.

Details of the share awards granted can be found on pages 27 to 28 of the Annual Report.

Remuneration of the Executive Directors and key management personnel is driven by a pay-for-performance philosophy and is made up of three key components: a fixed pay component, a variable bonus component, and share-based incentives. The variable bonus is paid based on the Group's and individual's performance. Share options and share awards are tied to the achievement of set performance targets.

The Remuneration Committee has reviewed and is satisfied that the performance conditions were met for FY 2017.

Accountability and Audit

(11) Accountability

The Board continues to be accountable to the shareholders and is mindful of its obligations to furnish timely information and to ensure full disclosure of material information in compliance with statutory reporting requirements. Price sensitive information is first publicly released, either before the Company meets with any group of investors or analysts or simultaneously with such meetings.

The management of the Company provides the Board with regular updates on the Group's business activities and financial performance by providing balanced and understandable management accounts of the Group's performance, position and prospects on a half-yearly basis. Such reports highlight key business indicators and major issues that are relevant to the Group's performance.

(12) Audit Committee

The Audit Committee is made up of three Independent Directors who possess relevant accounting experience and/or related financial management expertise. Mr Chou Kong Seng, an independent Director, chairs the Audit Committee. The other members of the Audit Committee are Mr Roy Ling Chung Yee and Mr Kesavan Nair, who are both Independent Directors of the Company. None of the Audit Committee members were previous partners or directors of the Company's independent audit firm within the last twelve months and none of the Audit Committee members hold any financial interest in the independent audit firm.

The Audit Committee holds periodic meetings and primarily carries out the following functions together with the Executive Directors and independent auditors:

(a) Reviews the scope and the results of internal audit procedures with the internal auditor;

- (b) Reviews the audit plans set forth by the independent auditors and internal auditors, evaluates the report issued by the independent auditors and internal auditors from their examination of the Company's internal and accounting controls system:
- (c) Reviews the operating results of the Group and Company, accounting policies and assistance given by the management to independent auditors;
- (d) Reviews the financial statements of the Group and Company before submission to the Board;
- (e) Reviews all interested person transactions; and
- (f) Nominates the independent auditors for reappointment.

The Audit Committee has full access to and full co-operation of the management. The Audit Committee also has the power to conduct or authorize investigations into any matters within its terms of reference. The independent auditors have unrestricted access to the Audit Committee.

The Audit Committee has met up with the independent auditors without the presence of management, to discuss the results of their audit and their evaluation of the systems of internal accounting issues.

A breakdown of the audit fees paid to the Company's auditors is disclosed in page 36 of the Annual Report. There were no non-audit fees paid to the independent auditors in FY 2017.

The independent auditors of the Company and its Singapore-incorporated subsidiary corporations are Nexia TS Public Accounting Corporation, Singapore. The Board and Audit Committee are satisfied that the appointment of different auditors for its subsidiaries would not compromise the standard and effectiveness of the audit of the Company. Accordingly, the Company has complied with Rules 712 and 716 of the Rules of Catalist of SGX-ST.

The Audit Committee recognizes the need to maintain a balance between the independence and objectivity of the independent auditors and the work carried out by the independent auditors based on value for money consideration. The Audit Committee is satisfied with the independence and objectivity of the independent auditors and has recommended that Nexia TS Public Accounting Corporation, Singapore be re-appointed as the Company's independent auditor in respect of financial year ending 31 March 2018.

To keep abreast of the changes in accounting standards and issues which have an impact on financial statements, discussions are held with the independent auditors when they attend the Audit Committee meetings every half yearly.

(13) **Risk Management and Internal Controls**

The Board is responsible for the overall internal control framework, but recognises that no cost effective internal control system will preclude all errors and irregularities. A system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss. The Audit Committee and the Board regularly review the adequacy and effectiveness of all internal controls to address the financial, operational, compliance and information technology risks and risk management controls of the Group.

Relying on the reports from the independent auditors and management representation letters, the Audit Committee carried out assessments of the adequacy and effectiveness of key internal controls during the year. Any material non-compliance or weaknesses in internal controls or recommendations from the independent auditors to further improve the internal controls are reported to the Audit Committee. The Audit Committee in turn reports such discussions to the Board. The Audit Committee will also follow up on the actions taken by management in response to recommendations made by the independent auditors to ensure that they are implemented in a timely and appropriate manner. The Group's financial risk management objectives and policies are discussed under Note 32 of the Financial Statements

Based on the aforesaid, the Board, with the concurrence of the Audit Committee, is of the view that the system of internal controls maintained is effective and adequate to meet the needs of the Company.

In FY 2017, the Board has received assurances from the Executive Director and Chief Financial Officer of the Company that the Group's financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances, and the Group's risk management and internal control system were effective.

The Company has in place whistle-blowing policies and arrangements by which staff may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters. To ensure independent investigation of such matters and appropriate follow up action, all whistle blowing reports are sent to the Audit Committee.

Based on the various management controls put in place and the reports from the independent auditors, reviews by management and the management representation letters, the Board with the concurrence of the Audit Committee is of the opinion that the system of internal controls addressing financial, operational, compliance and information technology risks and risk management systems maintained by the Group in FY 2017 were adequate and effective in meeting the needs of the Group in its current business environment.

(14) Internal Audit

The Chief Financial Officer is also responsible for the running of a robust and timely process of identifying and evaluating business risks, controls over cash flows and preparing timely reports and communications to the various committees, such as audit matters to the Audit Committee and administrative and operational matters to the Board.

In FY 2017, the Company did not conduct an internal audit review in view of the commercial context of the business activity. Having considered various factors, including the scale of the Group's operations, the Audit Committee is of the opinion that an internal audit function is considered not necessary in the present circumstances. The Audit Committee and the Board will continue to assess the need for a separate internal audit function.

(15) Communication with Shareholders

(16) Conduct of Shareholder Meetings

We believe in regular and timely communication with shareholders as part of our organisation's development to build systems and procedures that will enable us to operate globally.

In line with continuous obligations of the Company pursuant to the Rules of Catalist of the SGX-ST and the Companies Act (Cap 50, Singapore), it is the Board's policy that all shareholders be equally and timely informed of all major developments that will or is expected to impact the Company or the Group.

Information is disseminated to shareholders on a timely basis through:

- (a) SGXNET announcements and/or news release;
- (b) Annual Report prepared and issued to all shareholders;
- (c) Press releases on major developments of the Group;
- (d) Notices of and explanatory memoranda for AGM and EGM; and
- (e) Company's website at www.egl.com.sg where shareholders can access information on the Group.

The Company's AGMs and EGMs are the principal forum for dialogue with the shareholders. The Chairman of the Audit, Remuneration and Nominating Committees are normally available at the meetings to answer any questions relating to the scope of work of these Committees. The independent auditors shall also be present to assist the Directors in addressing any relevant queries by the shareholders during such general meetings.

Shareholders are encouraged to attend all general meetings to ensure a high level of interaction and to stay informed of the Company's strategy and goals. Notice of the general meetings is circulated to all shareholders of the Company, together with explanatory notes or a circular on items of special business (if necessary), at least 14 working days before the meeting. The Board welcomes questions from shareholders either informally or formally before or at the general meetings.

The Company has introduced the system of voting by poll and the results of each resolution put to vote at the AGM are announced with details of the percentage voting in favour and against. Shareholders present are given an opportunity to clarify or direct questions on issues pertaining to the proposed resolutions before the resolutions are voted on. The results are also announced via SGXNET after the conclusion of the meeting.

The Company currently does not have an investor relations policy but considers advice from its corporate lawyers and professionals on appropriate disclosure requirements before announcing material information to shareholders

Dividends

No dividends were declared or recommended for FY 2017 as the Group is loss-making.

Material Contracts

There were no material contracts entered into by the Company and its subsidiaries involving the interest of the Directors or controlling shareholders, which are either subsisting at the end of the financial year, or if not than subsisting, entered into since the end of the previous financial year.

Dealings in Securities

The Company has in place policy which prohibits dealings in the securities of the Company by the Directors and employees while in possession of price-sensitive information. The Company, its Directors, key officers and employees of the Group who have access to unpublished price sensitive and confidential information are prohibited to deal in the securities of the Company, at least one month before the release of the half-year and full-year financial results to SGX-ST and ending on the date of announcement of the relevant results, or when they are in possession of any unpublished material price-sensitive information. Directors and executives of the Group are discouraged from dealing in the shares of the Company on short-term considerations.

Directors and executives are also expected to observe insider-trading laws at all times even when dealing with securities within the permitted trading period.

The Board confirms that for the financial year ended 31 March 2017, the Company has complied with Rule 1204(19) of the Rules of Catalist of the SGX-ST.

Interested Persons Transactions

The Company has established a procedure for recording and reporting interested person transactions ("IPT"). There were no IPTs entered into by the Group in FY 2017.

Performance share plan

The Arion Entertainment Singapore Limited (f.k.a. Elektromotive Group Limited) Performance Share Plan ("AES PSP") was approved and adopted by shareholders at an EGM of the Company held on 7 September 2007. The AES PSP is intended to recruit, attract and retain participants to higher standards of performance and encourage greater dedication and loyalty enabling the Company to give recognition to past contribution and services; as well as motivating participants to contribute to the long-term prosperity of the Group.

- (a) Eligible participants of the AES PSP
 - Group employees who have attained the age of 21 years and hold such rank as may be designated by the Committee from time to time; and
 - Directors of the Company

The selection of employees and the number of shares which are the subject of each award to be granted to employees in accordance with the AES PSP shall be determined at the absolute discretion of the Committee, which shall take into account criteria such as rank, job performance and potential for future development, contribution to the success and development of the Group and the extent of effort and resourcefulness required to achieve the performance target(s) and/or service condition(s) within the performance period. The controlling shareholders or their associates and associated company employees are not eligible for selection to participate in the AES PSP.

(b) Size and duration

The total number of new Shares issued pursuant to awards granted under the AES PSP, when added to the number of new Shares issued and issuable in respect of (a) all Awards granted under the PSP; (b) all Options under the AES ESOS; and (c) all Shares or awards granted or to be granted under any other share option or share incentive schemes of the Company then in force, shall not exceed 15% of the number of issued Shares of the Company on the day preceding the relevant date of the award. The PSP shall continue in force at the discretion of the Committee, subject to a maximum period of 10 years commencing on the date on which it is adopted by the Company in general meeting, provided always that the AES PSP may continue beyond the above stipulated period with the approval of Shareholders in general meeting and of any relevant authorities which may then be required.

The AES PSP may be terminated at any time at the discretion of the Committee, or by an ordinary resolution passed by the Shareholders at a general meeting subject to all other relevant approvals which may be required.

Notwithstanding the expiry or termination of the AES PSP, any awards made to the participants prior to such expiry or termination will continue to remain valid.

The AES PSP awards fully paid shares to participants who have achieved pre-determined targets. The shares are settled by physical delivery of shares by way of issuance of new share by the Company or transfer of treasury shares to the participants.

Audit committee

The members of the Audit Committee at the end of the financial year were as follows:

Chou Kong Seng (Chairman) Roy Ling Chung Yee Kesavan Nair

All members of the Audit Committee were non-executive directors of the Company who are independent of the Group and Company's management.

The Audit Committee carried out its functions in accordance with Section 201B(5) of the Singapore Companies Act. In performing those functions, the Committee reviewed:

- the scope and the results of internal audit procedures with the internal auditor;
- the audit plan of the Company's independent auditor and any recommendations on internal accounting controls arising from the statutory audit:
- the assistance given by the Company's management to the independent auditor; and
- the balance sheet of the Company and the consolidated financial statements of the Group for the financial year ended 31 March 2017 before their submission to the Board of Directors.

The Audit Committee met 2 times during the financial year ended 31 March 2017. The Audit Committee has met with the independent auditor, without the presence of Management, to discuss issues of concern to them.

In addition, the Audit Committee has, in accordance with Chapter 9 of the Rules of Catalist of the SGX-ST, reviewed the requirements for approval and disclosure of interested party transactions, reviewed the internal procedures set up by the Company to identify and report and, where necessary, seek approval for interested person transactions and, with the assistance of the independent auditor, reviewed interested person transactions.

The Audit Committee has recommended to the Board that the independent auditor, Nexia TS Public Accounting Corporation, be nominated for re-appointment at the forthcoming Annual General Meeting of the Company.

Independent Auditor

The independent auditor, Nexia TS Public Accounting Corporation, has expressed its willingness to accept reappointment.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Arion Entertainment Singapore Limited (f.k.a Elektromotive Group Limited) (the "Company") and its subsidiary corporations (the "Group"), which comprise the balance sheets of the Group and of the Company as at 31 March 2017, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 35 to 112

In our opinion, the accompanying consolidated financial statements of the Group and the balance sheet of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Financial Reporting Standards in Singapore ("FRSs") so as to give a true and fair view of the financial positions of the Group and of the Company as at 31 March 2017 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Report on the Audit of the Financial Statements (Cont'd)

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter

Disposal of subsidiary corporations

As disclosed in Note 9 to the consolidated financial statements, the Company entered into a Sale and Purchase Agreement ("SPA") with Chargemaster Plc on 9 September 2016 to dispose Elektromotive Limited and its subsidiary corporations ("Disposal Group") for cash consideration of GBP 500,000 (approximately \$880,000). The proposed divestment of the Disposal Group was approved by the Shareholders on 16 December 2016 and the disposal was completed on 25 January 2017.

The management has assessed that the Company lost control of the Disposal Group on the date of completion as the Company is neither exposed to, nor has rights to, variable returns from its involvement with the entities and has no ability to affect those returns through its power over the entities from that date.

Accordingly, the management had derecognised all assets and liabilities of the Disposal Group and recognised loss on disposal amounting to approximately \$1.7 million for the financial year ended 31 March 2017.

We focused on this event as the disposal is considered a material transaction to the Group given the significance of the results of the Disposal Group to the Group in previous years as well as the loss on disposal to the consolidated financial statements.

The accounting policies for disposal of subsidiary corporations are set out in Note 2.4 (a)(iii) to the consolidated financial statements.

How our audit addressed the matter

The following audit procedures were performed to determine the appropriateness of the date of loss of control and the related amounts recognised in the consolidated financial statements:

- discussed with management to understand the events that demonstrate the Company had lost control over the Disposal Group;
- audited the financial statements of the Disposal Group up till the date of loss of control;
- reviewed management's calculation on loss on disposal by tracing to source documents, including, inter alia, the SPA and bank statements, and by verifying the net assets disposed to the underlying accounting records; and
- reviewed the adequacy and appropriateness of the disclosures made in the consolidated financial statements.

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Auditor's Responsibilities for the Audit of the Financial Statements (Cont'd)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business
 activities within the Group to express an opinion on the consolidated financial statements. We are responsible for
 the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

to the Members of Arion Entertainment Singapore Limited (f.k.a. Elektromotive Group Limited)

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement director on the audit resulting in this independent auditor's report is Loh Ji Kin.

For the financial year ended 31 March 2017

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

General information 1.

Arion Entertainment Singapore Limited (f.k.a Elektromotive Group Limited (the "Company") is listed on the Singapore Exchange and incorporated and domiciled in Singapore. The address of its registered office is 9 Battery Road #15-01 Singapore 049910. The address of its principal place of business is 360 Orchard Road, #04-08. Singapore 238869.

The principal activities of the Company are those of provision of management services and investment holding. The principal activities of its subsidiary corporations are set out in Note 12 to the financial statements.

Significant accounting policies 2.

2.1 **Basis of preparation**

These financial statements have been prepared in accordance with Singapore Financial Reporting Standards ("FRS") under the historical cost convention, except as disclosed in the accounting policies below.

The financial statements are presented in Singapore dollar ("\$") and all values are rounded to the nearest thousand ("\$'000") except otherwise indicated.

The preparation of financial statements in conformity with FRS requires management to exercise its judgement in the process of applying the Group's accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3 and Note 4.

Interpretations and amendments to published standards effective in 2017

On 1 April 2016, the Group adopted the new or amended FRS and Interpretations of FRS ("INT FRS") that are mandatory for application for the financial year. Changes to the Group's accounting policies have been made as required, in accordance with the transitional provisions in the respective FRS and INT FRS.

The adoption of these new or amended FRS and INT FRS did not result in substantial changes to the accounting policies of the Group and the Company and had no material effect on the amounts reported for the current or prior financial years.

2.2 Revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and rendering of services in the ordinary course of the Group's activities. Revenue is presented, net of goods and services tax, rebates and discounts, and after eliminating sales within the Group.

The Group assesses its role as an agent or principal for each transaction and in an agency arrangement the amounts collected on behalf of the principal are excluded from revenue. The Group recognises revenue when the amount of revenue and related cost can be reliably measured, it is probable that the collectability of the related receivables is reasonably assured and when the specific criteria for each of the Group's activites are met as follows:

(a) Sale of goods – Electric vehicle charging equipment

Revenue from these sales is recognised when the Group has delivered the equipment to locations specified by its customers and the customers have accepted the equipment in accordance with the sales contract.

Electric vehicle charging equipment projects substantially involve the procurement, design, integration and installation of electric vehicle charging equipment. Revenue is recognised upon successful installation and acceptance of the project by the customer. For a project which is to be completed in stages, revenue is recognised upon successful installation of each stage and acceptance of the project by the customer. An expected loss on the project is recognised as an expense immediately when it is probable that total project costs will exceed total project revenue.

(b) Sale of goods - Circulation of magazines and periodicals

Revenue from these sales is recognised when the Group has delivered the goods to locations specified by its customers and the customers have accepted the goods in accordance with the sales contract.

(c) Rendering of services - Advertising

Revenue from advertising services is recognised based on the date of publication.

(d) Rendering of services – Event management and convention organisation

Revenue from event management and convention organisation is recognised when the exhibition event has occurred, at which time the direct costs associated with the organisation of the event are matched with the respective revenue.

(e) Interest income

Interest income is recognised using the effective interest method.

For the financial year ended 31 March 2017

2. Significant accounting policies (Cont'd)

2.3 **Government grants**

Grants from the government are recognised as a receivable at their fair value when there is reasonable assurance that the grant will be received and the Group will comply with all the attached conditions.

Government grants receivable are recognised as income over the periods necessary to match them with the related costs which they are intended to compensate, on a systematic basis. Government grants relating to expenses are shown separately as other income.

Government grants relating to assets are deducted against the carrying amount of the assets.

2.4 **Group accounting**

(a) Subsidiary corporations

Consolidation (i)

Subsidiary corporations are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiary corporations are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date on which control ceases.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated but are considered an impairment indicator of the asset transferred. Accounting policies of subsidiary corporations have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests comprise the portion of a subsidiary corporation's net results of operations and its net assets, which is attributable to the interests that are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity, and balance sheet. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary corporation, even if this results in the noncontrolling interests having a deficit balance.

For the financial year ended 31 March 2017

2. Significant accounting policies (Cont'd)

2.4 Group accounting (Cont'd)

(a) Subsidiary corporations (Cont'd)

(ii) Acquisitions

The acquisition method of accounting is used to account for business combinations entered into by the Group.

The consideration transferred for the acquisition of a subsidiary corporation or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary corporation measured at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

The excess of (a) the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the (b) fair value of the identifiable net assets acquired is recorded as goodwill. Please refer to the paragraph "Intangible assets – Goodwill" for the subsequent accounting policy on goodwill.

(iii) Disposals

When a change in the Group's ownership interest in a subsidiary corporation results in a loss of control over the subsidiary corporation, the assets and liabilities of the subsidiary corporation including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained profits if required by a specific Standard.

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

Please refer to the paragraph "Investments in subsidiary corporations, associated companies, and joint ventures" for the accounting policy on investments in subsidiary corporations in the separate financial statements of the Company.

For the financial year ended 31 March 2017

2. Significant accounting policies (Cont'd)

2.4 Group accounting (Cont'd)

(b) Transactions with non-controlling interests

Changes in the Group's ownership interest in a subsidiary corporation that do not result in a loss of control over the subsidiary corporation are accounted for as transactions with equity owners of the Company. Any difference between the change in the carrying amounts of the non-controlling interest and the fair value of the consideration paid or received is recognised within equity attributable to the equity holders of the Company.

(c) Associated companies and joint ventures

Associated companies are entities over which the Group has significant influence, but not control, generally accompanied by a shareholding giving rise to voting rights of 20% and above but not exceeding 50%.

Joint ventures are entities over which the Group has joint control as a result of contractual arrangements, and rights to the net assets of the entities.

Investments in associated companies and joint ventures are accounted for in the consolidated financial statements using the equity method of accounting less impairment losses, if any.

(i) Acquisitions

Investments in associated companies and joint ventures are initially recognised at cost. The cost of an acquisition is measured at the fair value of the assets given, equity instruments issued or liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Goodwill on associated companies and joint ventures represents the excess of the cost of acquisition of the associated company or joint venture over the Group's share of the fair value of the identifiable net assets of the associated company or joint venture and is included in the carrying amount of the investments.

(ii) Equity method of accounting

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise Group's share of its associated companies' post-acquisition profits or losses of the investee in profit or loss and its share of movements in other comprehensive income of the investee's other comprehensive income. Dividends received or receivable from the associated companies are recognised as a reduction of the carrying amount of the investments. When the Group's share of losses in an associated company equals to or exceeds its interest in the associated company, the Group does not recognise further losses, unless it has legal or constructive obligations to make, or has made, payments on behalf of the associated company. If the associated company subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

For the financial year ended 31 March 2017

2. Significant accounting policies (Cont'd)

2.4 Group accounting (Cont'd)

(c) Associated companies and joint ventures (Cont'd)

(ii) Equity method of accounting (Cont'd)

Unrealised gains on transactions between the Group and its associated companies or joint ventures are eliminated to the extent of the Group's interest in the associated companies or joint ventures. Unrealised losses are also eliminated unless the transactions provide evidence of impairment of the assets transferred. The accounting policies of associated companies or joint ventures are changed where necessary to ensure consistency with the accounting policies adopted by the Group.

(iii) Disposals

Investments in associated companies or joint ventures are derecognised when the Group loses significant influence or joint control. If the retained equity interest in the former associated company or joint venture is a financial asset, the retained equity interest is measured at fair value. The difference between the carrying amount of the retained interest at the date when significant influence or joint control is lost, and its fair value and any proceeds on partial disposal, is recognised in profit or loss.

Please refer to the paragraph "Investments in subsidiary corporations, associated companies and joint ventures" for the accounting policy on investments in associated companies and joint ventures in the separate financial statements of the Company.

2.5 Property, plant and equipment

(a) Measurement

(i) Property, plant and equipment

Property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

(ii) Components of costs

The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Cost also includes borrowing costs (refer to Note 2.7 on borrowing costs) and any fair value gains or losses on qualifying cash flow hedges of property, plant and equipment that are transferred from the hedging reserve.

The projected cost of dismantlement, removal or restoration is also recognised as part of the cost of property, plant and equipment if the obligation for the dismantlement, removal or restoration is incurred as a consequence of either acquiring the asset or using the asset for purpose other than to produce inventories.

For the financial year ended 31 March 2017

2. Significant accounting policies (Cont'd)

2.5 Property, plant and equipment (Cont'd)

(b) Depreciation

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives as follows:

Haaful livaa

	Usetui iives
Furniture and fittings	5 - 10 years
Office equipment	5 - 10 years
Computers	3 years
Renovation	5 - 10 years
Electric vehicle charging equipment	8 - 10 years
Motor vehicles	8 - 10 years

Fully depreciated property, plant and equipment are retained in the financial statements until they are no longer in use.

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at each balance sheet date. The effects of any revision are recognised in profit or loss when the changes arise.

(c) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

(d) Disposal

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in profit or loss within "other (losses)/gains, net". Any amount in revaluation reserve relating to that item is transferred to retained profits directly.

For the financial year ended 31 March 2017

2. Significant accounting policies (Cont'd)

2.6 Intangibles assets

(a) Goodwill on acquisition

Goodwill on acquisitions of subsidiary corporations and businesses, represents the excess of (i) the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over (ii) the fair value of the identifiable net assets acquired.

Goodwill on subsidiary corporations is recognised separately as intangible assets and carried at cost less accumulated impairment losses.

Gains and losses on the disposal of subsidiary corporations include the carrying amount of goodwill relating to the entity sold.

(b) Acquired magazine mastheads

Magazine mastheads acquired are initially recognised at cost and are subsequently carried at cost less accumulated amortisation and accumulated impairment losses. These intangible assets have infinite lives and are tested for impairment annually.

(c) Brands

Brands acquired are initially recognised at cost and are subsequently carried at cost less accumulated amortisation and accumulated impairment losses. These intangible assets have infinite lives and are tested for impairment annually.

(d) Patents

Cost directly attributable to the patent are capitalised as intangible assets only when technical feasibility of the project is demonstrated, the Group has an intention and ability to complete and use the patent and the costs can be measured reliably. These intangible assets have finite lives and are amortised on straight-line basis over 20 years.

(e) Development expenditure

Expenditure on research activities is recognised in profit or loss as incurred.

Development expenditure is capitalised only if development costs can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Group intends to and has sufficient resources to complete development and to use or sell the asset. The expenditure capitalised includes the cost of materials, direct labour, overhead costs that are directly attributable to preparing the asset for its intended use.

For the financial year ended 31 March 2017

2. Significant accounting policies (Cont'd)

2.7 Borrowing costs

Borrowing costs are recognised in profit or loss using the effective interest method.

2.8 Investments in subsidiary corporations, associated companies and joint ventures

Investments in subsidiary corporations, associated companies and joint ventures are carried at cost less accumulated impairment losses in the Company's balance sheet. On disposal of such investments, the difference between disposal proceeds and the carrying amounts of the investments are recognised in profit or loss.

2.9 Impairment of non-financial assets

(a) Goodwill

Goodwill recognised separately as an intangible asset is tested for impairment annually and whenever there is indication that the goodwill may be impaired.

For the purpose of impairment testing of goodwill, goodwill is allocated to each of the Group's cashgenerating units ("CGU") expected to benefit from synergies arising from the business combination.

An impairment loss is recognised when the carrying amount of a CGU, including the goodwill, exceeds the recoverable amount of the CGU. The recoverable amount of a CGU is the higher of the CGU's fair value less cost to sell and value-in-use.

The total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU.

An impairment loss on goodwill is recognised as an expense and is not reversed in a subsequent period.

(b) Intangible assets

Property, plant and equipment

Investments in subsidiary corporations, associated companies and joint ventures

Intangible assets, property, plant and equipment, and investments in subsidiary corporations, associated companies and joints ventures are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash inflows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the CGU to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

2. Significant accounting policies (Cont'd)

2.9 Impairment of non-financial assets (Cont'd)

(b) Intangible assets Property, plant and equipment Investments in subsidiary corporations, associated companies and joint ventures (Cont'd)

The difference between the carrying amount and recoverable amount is recognised as an impairment loss in profit or loss, unless the asset is carried at revalued amount, in which case, such impairment loss is treated as a revaluation decrease.

An impairment loss for an asset other than goodwill is reversed only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

A reversal of impairment loss for an asset other than goodwill is recognised in profit or loss, unless the asset is carried at revalued amount, in which case, such reversal is treated as a revaluation increase. However, to the extent that an impairment loss on the same revalued asset was previously recognised as an expense, a reversal of that impairment is also recognised in profit or loss.

2.10 Financial assets

(a) Classification

The Group classifies its financial assets in the following categories: loans and receivables and available-for-sale financial assets. The classification depends on the nature of the asset and the purpose for which the assets were acquired. Management determines the classification of its financial assets at initial recognition.

The Group does not hold any of the financial assets except for loans and receivables and availablefor-sale financial assets

(i) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current assets, except for those expected to be realised later than 12 months after the balance sheet date which are presented as non-current assets. Loans and receivables are presented as "trade and other receivables" (Note 6) and "cash and cash equivalents" (Note 5) on the balance sheet.

For the financial year ended 31 March 2017

2. Significant accounting policies (Cont'd)

2.10 Financial assets (Cont'd)

Classification (Cont'd) (a)

(ii) Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are presented as non-current assets unless the investment matures or management intends to dispose of the assets within 12 months after the balance sheet date.

(b) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade date - the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. On disposal of a financial asset, the difference between the carrying amount and the sale proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is reclassified to profit or loss.

Trade receivables that are factored out to banks and other financial institutions with recourse to the Group are not derecognised until the recourse period has expired and the risks and rewards of the receivables have been fully transferred. The corresponding cash received from the financial institutions is recorded as borrowings.

(c) Initial measurement

Financial assets are initially recognised at fair value plus transaction costs.

(d) Subsequent measurement

Available-for-sale financial assets are subsequently carried at fair value. Loans and receivables are subsequently carried at amortised cost using the effective interest method.

Interest and dividend income on available-for-sale financial assets are recognised separately in income. Changes in the fair values of available-for-sale debt securities (i.e. monetary items) denominated in foreign currencies are analysed into currency translation differences on the amortised cost of the securities and other changes; the currency translation differences are recognised in profit or loss and the other changes are recognised in other comprehensive income and accumulated in the fair value reserve. Changes in the fair values of available-for-sale equity securities (i.e. non-monetary items) are recognised in other comprehensive income and accumulated in the fair value reserve, together with the related currency translation differences.

2.10 Financial assets (Cont'd)

(e) Impairment

The Group assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired and recognises an allowance for impairment when such evidence exists.

(i) Loans and receivables

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy and default or significant delay in payments are objective evidence that these financial assets are impaired.

The carrying amount of these assets is reduced through the use of an impairment allowance account which is calculated as the difference between the carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. When the asset becomes uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are recognised against the same line item in profit or loss.

The impairment allowance is reduced through profit or loss in a subsequent period when the amount of impairment loss decreases and the related decrease can be objectively measured. The carrying amount of the asset previously impaired is increased to the extent that the new carrying amount does not exceed the amortised cost had no impairment been recognised in prior periods.

(ii) Available-for-sale financial assets

In addition to the objective evidence of impairment described in Note 2.10(e)(i), a significant or prolonged decline in the fair value of an equity security below its cost is considered as an indicator that the available-for-sale financial asset is impaired.

If any evidence of impairment exists, the cumulative loss that was previously recognised in other comprehensive income is reclassified to profit or loss. The cumulative loss is measured as the difference between the acquisition cost (net of any principal repayments and amortisation) and the current fair value, less any impairment loss previously recognised as an expense. The impairment losses recognised as an expense on equity securities are not reversed through profit or loss.

2.11 Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

For the financial year ended 31 March 2017

2. Significant accounting policies (Cont'd)

2.12 Financial guarantees

The Company has issued corporate guarantees to banks for bank borrowings of its subsidiary corporations. These quarantees are financial quarantees as they require the Company to reimburse the banks if the subsidiary corporations fail to make principal or interest payments when due in accordance with the terms of their borrowings.

Financial guarantees are initially recognised at their fair values plus transaction costs in the Company's balance sheet.

Financial quarantees are subsequently amortised to profit or loss over the period of the subsidiary corporations' borrowings, unless it is probable that the Company will reimburse the banks for an amount higher than the unamortised amount. In this case, the financial guarantees shall be carried at the expected amount payable to the banks in the Company's balance sheet.

Intra-group transactions are eliminated on consolidation.

2.13 Borrowings

Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least 12 months after the balance sheet date, in which case they are presented as noncurrent liabilities

(a) **Borrowinas**

Borrowings are initially recognised at fair value (net of transaction costs) and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

(b) Convertible bonds

The total proceeds from convertible bonds issued are allocated to the liability component and the equity component, which are separately presented on the balance sheet.

The liability component is recognised initially at its fair value, determined using a market interest rate for equivalent non-convertible bonds. It is subsequently carried at amortised cost using the effective interest method until the liability is extinguished on conversion or redemption of the bonds.

The difference between the total proceeds and the liability component is allocated to the conversion option (equity component), which is presented in equity net of any deferred tax effect. The carrying amount of the conversion option is not adjusted in subsequent periods. When the conversion option is exercised, its carrying amount is transferred to the share capital. When the conversion option lapses, its carrying amount is transferred to retained profits.

For the financial year ended 31 March 2017

2. Significant accounting policies (Cont'd)

2.14 Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

2.15 Fair value estimation of financial assets and liabilities

The fair values of current financial assets and liabilities carried at amortised cost approximate their carrying amounts.

2.16 Leases

(a) When the Group is the lessee:

The Group leases motor vehicles under finance leases from non-related parties, equipment and other facilities under operating lease from non-related parties and office premises under operating lease from related parties.

(i) Lessee - Finance leases

Leases where the Group assumes substantially all risks and rewards incidental to ownership of the leased assets are classified as finance leases.

The leased assets and the corresponding lease liabilities (net of finance charges) under finance leases are recognised on the balance sheet as plant and equipment and borrowings respectively, at the inception of the leases based on the lower of the fair value of the leased assets and the present value of the minimum lease payments.

Each lease payment is apportioned between the finance expense and the reduction of the outstanding lease liability. The finance expense is recognised in profit or loss on a basis that reflects a constant periodic rate of interest on the finance lease liability.

(ii) Lessee – Operating leases

Leases where substantially all risks and rewards incidental to ownership are retained by the lessors are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessors) are recognised in profit or loss on a straight-line basis over the period of the lease.

Contingent rents are recognised as an expense in profit or loss when incurred.

For the financial year ended 31 March 2017

2. Significant accounting policies (Cont'd)

2.17 Inventories

Inventories are carried at the lower of cost and net realisable value. Cost is determined using the weighted average method. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

Work-in-progress relates to costs incurred in the production of magazines and periodicals which have not been issued and exhibitions that have not been launched as at the end of the financial year.

2.18 Income taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither goodwill or taxable profit or loss at the time of the transaction.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiary corporations, associated companies and joint ventures, except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

- at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date: and
- (ii) based on the tax consequence that will follow from the manner in which the Group expects, at the balance sheet date, to recover or settle the carrying amounts of its assets and liabilities.

Current and deferred income taxes are recognised as income or expense in profit or loss, except to the extent that the tax arises from a business combination or a transaction which is recognised directly in equity. Deferred tax arising from a business combination is adjusted against goodwill on acquisition.

The Group accounts for investment tax credits (for example, productivity and innovative credit) similar to accounting for other tax credits where deferred tax asset is recognised for unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax credit can be utilised.

For the financial year ended 31 March 2017

2. Significant accounting policies (Cont'd)

2.19 Provisions

Provisions for warranty, restructuring costs and legal claims are recognised when the Group has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has reliably estimated. Restructuring provisions comprise lease termination penalties and employee termination payments. Provisions are not recognised for future operating losses.

The Group recognises the estimated liability to repair or replace products still under warranty at the balance sheet date. This provision is calculated based on historical experience of the level of repairs and replacements.

Changes in the estimated timing or amount of the expenditure or discount rate are recognised in profit or loss when the changes arise.

2.20 Employee compensation

Employee benefits are recognised as an expense, unless the cost qualifies to be capitalised as an asset.

(a) Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities such as the Central Provident Fund on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

(b) Share-based compensation

The Group operates an equity-settled, share-based compensation plan. The value of the employee services received in exchange for the grant of options is recognised as an expense with a corresponding increase in the share option reserve over the vesting period. The total amount to be recognised over the vesting period is determined by reference to the fair value of the options granted on the date of the grant. Non-market vesting conditions are included in the estimation of the number of shares under options that are expected to become exercisable on the vesting date. At each balance sheet date, the Group revises its estimates of the number of shares under options that are expected to become exercisable on the vesting date and recognises the impact of the revision of the estimates in profit or loss, with a corresponding adjustment to the share option reserve over the remaining vesting period.

When the options are exercised, the proceeds received (net of transaction costs) and the related balances previously recognised in the share option reserve are credited to share capital account, when new ordinary shares are issued to the employees.

For the financial year ended 31 March 2017

2. Significant accounting policies (Cont'd)

2.20 Employee compensation (Cont'd)

(c) Performance shares

Benefits to employees including the directors are provided in the form of share-based payment transactions, whereby employees render services in exchange for shares or rights over shares ("equity-settled transactions"). The fair value of the employee services rendered is determined by reference to the fair value of the shares awarded or rights granted, excluding the impact of any non-market vesting conditions. These are fair valued based on the market price of the entity's share on grant date. This fair value is charged to profit or loss over the vesting period of the share-based payment scheme, with the corresponding increase in equity. The value of the charge is adjusted in profit or loss over the remainder of the vesting period to reflect expected and actual quantities vested, with the corresponding adjustment made in equity.

Cancellation of grants of equity instruments during the vesting period (other than a grant cancelled by forfeiture when the vesting conditions are not satisfied) are accounted for as an acceleration of vesting, therefore any amount unrecognised that would otherwise have been charged is recognised immediately in profit or loss.

(d) Employees leave entitlement

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the balance sheet date.

(e) Termination benefits

Termination benefits are those benefits which are payable when employment is terminated before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits at the earlier of the following dates: (a) when the Group can no longer withdraw the offer of those benefits; and (b) when the entity recognises costs for a restructuring that is within the scope of FRS 37 and involves the payment of termination benefits.

In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to their present value.

2.21 Currency translation

(a) Functional and presentation currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Singapore Dollar, which is the functional currency of the Company.

For the financial year ended 31 March 2017

2. Significant accounting policies (Cont'd)

2.21 Currency translation (Cont'd)

(b) Transactions and balances

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the dates of the transactions. Currency exchange differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the balance sheet date are recognised in profit or loss. However, in the consolidated financial statements, currency translation differences arising from borrowings in foreign currencies are recognised in other comprehensive income and accumulated in the currency translation reserve.

Foreign exchange gains and losses that relate to borrowings are presented in the income statement within "interest expenses". All other foreign exchange gains and losses impacting profit or loss are presented in the income statement within "other (losses)/gains, net".

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

(c) Translation of Group entities' financial statements

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) assets and liabilities are translated at the closing exchange rates at the reporting date;
- iii) income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of the transactions); and
- (iii) all resulting currency translation differences are recognised in other comprehensive income and accumulated in the currency translation reserve. These currency translation differences are reclassified to profit or loss on disposal or partial disposal of the entity giving rise to such reserve.

Goodwill and fair value adjustments arising on the acquisition of foreign operations are treated as assets and liabilities of the foreign operations and translated at the closing rates at the reporting date.

2. Significant accounting policies (Cont'd)

2.22 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the executive committee whose members are responsible for allocating resources and assessing performance of the operating segments.

2.23 Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents include cash on hand, deposits with financial institutions which are subject to an insignificant risk of change in value.

2.24 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

2.25 Non-current assets (or disposal groups) held-for-sale and discontinued operations

Non-current assets (or disposal groups) are classified as assets held-for-sale and carried at the lower of carrying amount and fair value less costs to sell if their carrying amount is recovered principally through a sale transaction rather than through continuing use. The assets are not depreciated or amortised while they are classified as held-for-sale. Any impairment loss on initial classification and subsequent measurement is recognised as an expense. Any subsequent increase in fair value less costs to sell (not exceeding the accumulated impairment loss that has been previously recognised) is recognised in profit or loss.

A discontinued operation is a component of an entity that either has been disposed of, or that is classified as held-for-sale and:

- a) represents a separate major line of business or geographical area of operations;
- is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations; or
- c) is a subsidiary corporation acquired exclusively with a view to resale.

For the financial year ended 31 March 2017

3. Critical accounting estimates, assumptions and judgements

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

3.1 Critical accounting estimates and assumptions

(a) Estimated impairment of non-financial assets

Goodwill is tested for impairment annually and whenever there is indication that the goodwill may be impaired. Intangible assets, property, plant and equipment and investments in subsidiary corporations, associates and joint ventures are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

The recoverable amounts of these assets and, where applicable, cash-generating units ("CGU") have been determined based on value-in-use calculations. These calculations require the use of estimates (Note 15).

For the financial year ended 31 March 2016, if the assumed increase in budgeted sales and cost of sales used to estimate the recoverable amounts has declined by 1% and increased by 1% respectively or the pre-tax discount rate raised by 1%, a further impairment charge of \$774,000 and \$342,000 respectively would have been recognised.

During the financial year ended 31 March 2017, goodwill has been Included in the carrying amount of the CGU when calculating the loss on disposal of the Disposal Group (Note 9(b)).

(b) Impairment of loans and receivables

Management reviews its loans and receivables for objective evidence of impairment at least quarterly. Significant financial difficulties of the debtor, the probability that the debtor will enter bankruptcy, and default or significant delay in payments are considered objective evidence that a receivable is impaired. In determining this, management has made judgements as to whether there is observable data indicating that there has been a significant change in the payment ability of the debtor, or whether there have been significant changes with adverse effect in the technological, market, economic or legal environment in which the debtor operates.

Where there is objective evidence of impairment, management has made judgements as to whether an impairment loss should be recorded as an expense. In determining this, management has used estimates based on historical loss experience for assets with similar credit risk characteristics. The methodology and assumptions used for estimating both the amount and timing of future cash flows are reviewed regularly to reduce any differences between the estimated loss and actual loss experience.

If the net present values of estimated cash flows had been higher/lower by 10% (2016: 10%) from management's estimates for all past due loans and receivables, the allowance for impairment of the Group and the Company would have been higher/lower by \$23,000 (2016:\$120,000) and \$Nil (2016:\$Nil) respectively.

For the financial year ended 31 March 2017

4. Going concern

As at 31 March 2017, the Group was in a net assets position of \$3,269,000 and the Company was in a net liabilities position of \$329,000. The Group and the Company incurred a net loss of \$8,759,000 and \$6,092,000 respectively for the financial year ended 31 March 2017. These financial results indicate the existence of events or conditions identified on the Group's and the Company's ability to continue as going concerns. Nevertheless, the financial statements of the Group have been prepared on a going concern basis as the management of the Group and the Company has prepared a cash flows projection and is of the view that there is no material uncertainty on the Group's and the Company's ability to continue as going concerns as the Group and the Company will have sufficient cash resources to satisfy its working capital requirements and to meet its obligations as and when they fall due.

If the Group and the Company are unable to continue in operational existence in the foreseeable future, the Group and the Company may be unable to discharge their liabilities in the normal course of business and adjustments may have to be made to reflect the situation that assets may need to be realised other than in the normal course of business and at amounts which could differ significantly from the amounts at which they are currently recorded in the balance sheets. In addition, the Group and the Company may have to reclassify non-current assets and liabilities to current assets and liabilities respectively. The financial statements do not include any adjustment which may arise from these uncertainties.

Disposal of subsidiary corporations

On 27 April 2016, the Company entered into a Sale and Purchase Agreement with a former employee to dispose one of its subsidiary corporations, Wine and Dine Experience Pte Ltd ("WDE") for a cash consideration of \$10,000. The proposed divestment of WDE was approved by the Directors by way of resolution on 15 April 2016 and the disposal has been completed on 29 April 2016.

The Group had deconsolidated the financial results of WDE from 1 April 2016 as the management is of the opinion that the financial results from 1 April 2016 to 15 April 2016, upon which the Directors' approval has been obtained and where control has been lost, will not have a significant financial impact to the Group.

As disclosed in Note 9(b) to the financial statements, the Group has also disposed its electric vehicle charging solutions operations arising from Elektromotive Limited and its subsidiary corporations ("Disposal Group").

9. Discontinued operations

(a) Tom N Toms International Pte Ltd

On 3 November 2009, the Group has incorporated a joint venture company, Tom N Toms International Pte Ltd ("TNTI") with Tom N Toms Ltd and KTNT Holdings Limited ("JV Partners") of which the Company holds a 50% stake. The purpose of the joint venture company is to increase market shareholdings through franchising "Tom and Toms" brand.

Subsequently, there were disputes between the Company and the JV Partners regarding use of trade marks as well as the establishment of a competing outlet without a proper franchise agreement.

On 6 August 2010, the JV Partners purported to terminate the Area Master Franchise Agreement ("AMFA") with TNTI. TNTI has treated such termination as a repudiatory breach of the AMFA. Such termination of the AMFA by the JV Partners has been treated by the Company as a repudiatory breach of the Joint Venture Agreement ("JVA") without prejudice to its right to claim for rescission of the JVA on account of various misrepresentations made by the JV Partners prior to entering into the JVA. On 16 September 2010, the Company filed a Notice of Arbitration ("NOA") with the Singapore International Arbitration Centre ("SIAC") relating to the JVA.

For the financial year ended 31 March 2017

9. Discontinued operations (Cont'd)

Tom N Toms International Pte Ltd (Cont'd) (a)

> During the financial year ended 31 March 2012, the Group ceased its food and beverages ("F&B") operations, as such, the assets and liabilities relating to F&B operations were presented separately as discontinued operations on the balance sheet and the results of discontinued operations were presented separately on the consolidated statement of comprehensive income as "Discontinued operations".

> Management is of the view that the delay in the completion of the disposal is caused by the arbitration case.

> During the financial year ended 31 March 2017, the Company has reached a settlement for the arbitration case. Accordingly, the financial results for the F&B operations have been reclassified as continuing operations as the management is of the intention to strike-off these companies in due course. Consequently, the financial results of the F&B operations for the previous financial year have been re-presented at the end of the note.

Elektromotive Limited and its subsidiary corporations (b)

> On 25 January 2017, the Group has disposed its electric vehicles charging solutions ("EV") operations arising from Elektromotive Limited and its subsidiary corporations for a cash consideration of \$880,000 (approximately GBP 500,000).

> Consequently, Elektromotive Limited and its subsidiary corporations have been treated as discontinued operations for the financial year ended 31 March 2017. A single amount is shown on the face of the consolidated statement of comprehensive income comprising the post-tax results of the discontinued operations. The consolidated statement of comprehensive income for prior financial year has also been restated to conform to this style of presentation.

> Upon the completion of the disposal, the Company has deconsolidated the financial results of the Disposal Group from 25 January 2017 resulting from the loss of control over the Disposal Group because the Company is neither exposed to, nor has rights to, variable returns from its involvement with the entities and has no ability to affect those returns through its power over the entities from that date.

The results of the discontinued operations are as follows:

	Group

Impairment tests for goodwill

Goodwill acquired through business combinations has been allocated to electric vehicle segments as a cash- generating unit ("CGU") for impairment testing during the financial year ended 31 March 2016.

The following describes each key assumption in which management has based on its cash flow projections to undertake impairment testing of goodwill:

- Budgeted sales of approximately \$3,824,000 in financial year ended 31 March 2017 and sales were forecasted to increase by 69% in financial year ended 31 March 2018, and 8% in financial year ended 31 March 2019;
- Budgeted cost of sales of approximately \$2,315,000 financial year ended 31 March 2017 and cost of sales were forecasted to increase by 70% in financial year ended 31 March 2018, and 5% in financial year ended 31 March 2019;
- Pre-tax discount rate of approximately 16%; and
- Weighted average growth rate used to extrapolate cash flows beyond the budget period of approximately 0.8%.

For the financial year ended 31 March 2017

15. Intangible assets (Cont'd)

Impairment tests for goodwill (Cont'd)

These assumptions were used for the analysis of the CGU within the business segment. Management determined the budgeted sales and cost of sales based on past performance and its expectations of market developments. The discount rates used were pre-tax and reflected specific risks relating to the relevant segment.

An impairment charge of \$3,784,000 is included within "Amortisation, depreciation and impairment" in the statement of comprehensive income for the financial year ended 31 March 2016. The impairment charge has arisen from the electric vehicle charging solutions CGU in United Kingdom following the management's cash flow projections on the electric vehicle segment.

The goodwill recognised on the balance sheet that is attributable to the CGU in the United Kingdom. Based on an impairment test of the CGU as at 31 March 2016, the goodwill has been written down to the recoverable amount.

If the assumed increase in budgeted sales and cost of sales used to estimate the recoverable amounts has declined by 1% and increased by 1% respectively or the pre-tax discount rate raised by 1%, a further impairment charge of \$774,000 and \$342,000 respectively would have been recognised.

During the financial year ended 31 March 2017, goodwill has been Included in the carrying amount of the CGU when calculating the loss on disposal of the Disposal Group (Note 9(b)).

The new shares were allotted on 13 July 2015 at the market price of \$0.003 that were capitalised as share capital of the Company amounting to \$Nil (2016: \$129,000).

The newly issued shares rank pari passu in all respects with the previously issued shares.

(a) Share options

On 30 July 2014, members of the Company approved and adopted the Arion Entertainment Singapore Limited (f.k.a Elektromotive Group Limited) Employees' Share Option Scheme ("AES ESOS") at an Extraordinary General Meeting. The AES ESOS is administered by the Remuneration Committee (the "Committee") comprising Roy Ling Chung Yee, Chairman of the Committee, Lee Keng Mun and Tai Kok Chuan.

In exercising its discretion, the Committee must act in accordance with any guidelines that may be provided by the Board of Directors. The Committee shall refer any matter not falling within the scope of its terms of reference to the Board. The Committee shall have the power, from time to time, to make and vary such terms for the implementation of the AES ESOS as it thinks fit.

20. Share capital (Cont'd)

(a) Share options (Cont'd)

The AES ESOS is intended to provide participants an opportunity to participate in the equity of the Company so as to motivate them to greater dedication, loyalty and higher standards of performance, and to give recognition to those who have contributed significantly to the growth and performance of the Company and/or the Group.

- (i) Eligible participants of the AES ESOS
 - Group employees who have attained the age of 21 years and hold such rank as may be designated by the Committee from time to time; and
 - Directors of the Company

The selection of employees and the number of shares which are the subject of each award to be granted to employees in accordance with the AES ESOS shall be determined at the absolute discretion of the Committee, which shall take into account criteria such as rank, job performance, creativity, innovativeness, entrepreneurship, years of service and potential for future development, contribution to the success and development of the Group and the extent of effort and resourcefulness required to achieve the performance target(s) within the performance period. The controlling shareholders or their associates and associated company employees are not eligible for selection to participate in the AES ESOS.

(ii) Size and duration

The aggregate number of shares which may be issued or transferred pursuant to awards granted under the AES ESOS on any date, when added to the aggregate number of shares issued and issuable and/or transferred and transferable in respect of (a) all awards granted under the AES ESOS and (b) all awards, shares and options granted under any other share scheme implemented by the Company and for the time being in force, shall not exceed 20% of the total number of issued shares of the Company (excluding treasury shares) on the day preceding that date.

The AES ESOS shall continue in force at the discretion of the Committee, subject to a maximum period of 10 years commencing from 30 July 2014, provided always that the AES ESOS may continue beyond the 10-year period with the approval of the shareholders in general meeting and of any relevant authorities which may then be required. Notwithstanding the expiry or termination of the AES ESOS, any awards made to employees prior to such expiry or termination will continue to remain valid.

On 13 July 2015, the Company granted options to subscribe for 86,000,000 ordinary shares of the Company at exercise price of \$0.0028 per share ("2015 Options"). The 2015 options are exercisable from 13 July 2017 and expire on 13 July 2025. The total fair value of the 2015 options granted was estimated to be \$318,000 using the Binomial Option Pricing Model.

(a) Share options (Cont'd)

The fair values of the share options granted were calculated using the Binomial Option Pricing Model. The inputs into the model were as follows:

.

	2015 Options
Grant date	13.07.2015
Share price at valuation date	0.4 cents
Exercise price	0.28 cents
Expected volatility	200%
Vesting period (years)	2 years
Maturity date	13.07.2025
Risk free rate	2.64%
Expected dividend yield	0%
Fair value of share options (cents)	0.37

Expected volatility was determined by calculating the historical volatility of the Company's share price. The expected life used in the model is based on historical data and is not necessary indicative of future trends, which may also not necessarily be the actual outcome. No other features of the option grant were incorporated into the measurement of fair value.

(b) Performance share plan

Arion Entertainment Singapore Limited (f.k.a Elektromotive Group Limited) Performance Share Plan

The Arion Entertainment Singapore Limited (f.k.a Elektromotive Group Limited) Performance Share Plan ("AES PSP") was approved and adopted by shareholders at an EGM of the Company held on 7 September 2007. The AES PSP is intended to recruit, attract and retain participants to higher standards of performance and encourage greater dedication and loyalty enabling the Company to give recognition to past contribution and services; as well as motivating participants to contribute to the long-term prosperity of the Group.

- (i) Eligible participants of the AES PSP
 - Group employees who have attained the age of 21 years and hold such rank as may be designated by the Committee from time to time; and
 - Directors of the Company

The selection of employees and the number of shares which are the subject of each award to be granted to employees in accordance with the AES PSP shall be determined at the absolute discretion of the Committee, which shall take into account criteria such as rank, job performance and potential for future development, contribution to the success and development of the Group and the extent of effort and resourcefulness required to achieve the performance target(s) and/or service condition(s) within the performance period. The controlling shareholders or their associates and associated company employees are not eligible for selection to participate in the AES PSP.

- (b) Performance share plan (Cont'd)
 - (ii) Size and duration

The total number of new shares issued pursuant to awards granted under the AES PSP, when added to the number of new shares issued and issuable in respect of (a) all Awards granted under the PSP; (b) all Options under the AES ESOS; and (c) all shares or awards granted or to be granted under any other share option or share incentive schemes of the Company then in force, shall not exceed 15% of the number of issued shares of the Company on the day preceding the relevant date of the award. The PSP shall continue in force at the discretion of the Committee, subject to a maximum period of 10 years commencing on the date on which it is adopted by the Company in general meeting, provided always that the AES PSP may continue beyond the above stipulated period with the approval of Shareholders in general meeting and of any relevant authorities which may then be required.

The AES PSP may be terminated at any time at the discretion of the Committee, or by an ordinary resolution passed by the Shareholders at a general meeting subject to all other relevant approvals which may be required.

Notwithstanding the expiry or termination of the AES PSP, any awards made to the participants prior to such expiry or termination will continue to remain valid.

The AES PSP awards fully paid shares to participants who have achieved pre-determined targets. The shares are settled by physical delivery of shares by way of issuance of new shares by the Company or transfer of treasury shares to the participants.

On 10 July 2015, the Company granted 43,000,000 ordinary shares in the capital of the Company pursuant to the AES PSP to directors and certain employees of the Company. The new shares were allotted on 13 July 2015 at the market price of \$0.003.

As at 31 March 2017, the Company has granted 43,000,000 performance shares since commencement of the AES PSP. There were no unissued shares of the Company under the AES PSP in the financial year ended 31 March 2017.

(b) Diluted (loss)/earnings per share

For the purpose of calculating diluted (loss)/earnings per share, loss attributable to equity holders of the Company and the weighted average number of ordinary shares outstanding are adjusted for the effects of all dilutive potential ordinary shares. The Company has two categories of dilutive potential ordinary shares: warrants and share options.

The Group has no dilution in its (loss)/earnings per share as at 31 March 2017 and 2016. The dilutive potential ordinary shares arising from warrants and share options have not been included in the calculation of diluted (loss)/earnings per share because they are anti-dilutive.

30. Contingent liabilities

During the financial year ended 31 March 2016, the Company has undertaken to provide financial support for subsidiary corporations in the Group with capital deficiencies at financial year end, so as to enable these subsidiary corporations to meet their obligations as and when they fall due. In the current financial year, no such contingent liabilities have been noted as these subsidiary corporations have been disposed during the year (Note 5).

For the financial year ended 31 March 2017

31. Operating lease commitments

The Group leases equipment, offices premises and other facilities from non-related parties under non-cancellable operating lease agreements. The leases have varying terms, escalation clauses and renewal rights.

The future minimum lease payables under non-cancellable operating leases contracted for at the balance sheet date but not recognised as liabilities, are as follows:

32. Financial risk management

Financial risk factors

The Group's activities expose it to market risk (including currency risk, interest rate risk and price risk), credit risk, liquidity risk and capital risk. Though the Group does not have a formal risk management policies and guidelines, the Board of Directors (the "Board") reviews and agrees policies for managing each of these risks and they are summarised below:

(a) Market risk

(i) Currency risk

The Group operates in Singapore and Malaysia. Entities in the Group regularly transact in their respective functional currencies. Currency risk arises within entities in the Group when transactions are denominated in foreign currencies such as Malaysia Ringgit ("MYR") (2016: MYR, British pound ("GBP")).

(ii) Price risk

The Group and the Company is not exposed to significant equity securities price risk.

(iii) Cash flow and fair value interest rate risks

> Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates. As the Group has no significant interest-bearing assets, the Group's income and operating cash flows are substantially independent of changes in market interest rates.

For the financial year ended 31 March 2017

32. Financial risk management (Cont'd)

(b) Credit risk

Credit risk refers to the risk that counterparties will default on their contractual obligations resulting in financial loss to the Group. The major classes of financial assets of the Group and of the Company are bank deposits and trade and other receivables. For trade receivables, the Group adopts the policy of dealing only with customers of appropriate credit standing and history. For other financial assets, the Group adopts the policy of dealing only with high credit quality counterparties.

As the Group and Company do not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the balance sheet.

The trade receivables of the Group comprise 2 debtors (2016: 2 debtors) that individually represented 10% to 51% (2016: 15% - 17%) of trade receivables.

The credit risk for trade receivables based on the information provided to key management is as follows:

(d) Capital risk

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder value. In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, return capital to shareholders, issue new shares, buy back issued shares, obtain new borrowings or sell assets to reduce borrowings.

Management monitors capital based on a gearing ratio. The Group's and the Company's strategies are to maintain gearing ratio within 10% to 50% (2016: 10% to 50%) and 30% to 80% (2016: 30% to 80%) respectively.

The gearing ratio is calculated as net debt divided by total capital. Net debt is calculated as borrowings plus trade and other payables less cash and cash equivalents. Total capital is calculated as total equity plus net debt.

• FRS 116 Leases Illustrative Examples & Amendments to Guidance on Other Standards

The Group has yet to assess the full impact from adoption of the above standards and intends to apply the relevant standards in the financial years where the standards become effective.

Except for FRS 109, FRS 115 and FRS 116, the directors expect that the adoption of the other standards above will have no material impact on the financial statements in the period of initial application. The nature of the impending changes in accounting policy adoption of FRS 109, FRS 115 and FRS 116 are described below.

FRS 109 Financial Instruments

The complete version of FRS 109 replaces most of the guidance in FRS 39. FRS 109 retains the mixed measurement model and establishes three primary measurement categories for financial assets: amortised cost, fair value through Other Comprehensive Income ("OCI") and fair value through Profit or Loss. The basis of classification depends on the entity's business model and the contractual cash flow characteristics of the financial asset. Investment in equity instruments are required to be measured at fair value through profit or loss with the irrevocable option at inception to present changes in fair value in OCI.

While the Group has yet to undertake a detailed assessment of the classification and measurement of financial assets, the financial assets of the Group would appear to satisfy the conditions for classification as amortised cost and hence there will be no change to the accounting for these assets.

Accordingly, the Group does not expect the new guidance to have a significant impact on the classification of its financial assets.

For financial liabilities, there were no changes to classification and measurement except for the recognition of changes in own credit risk in OCI, for liabilities designed at fair value through profit or loss. There will be no impact on the Group's accounting for financial liabilities as the Group does not have any such liabilities.

FRS 109 relaxes the requirements for hedge effectiveness by replacing the bright line hedge effectiveness tests. It requires an economic relationship between the hedged item and hedging instrument and for the 'hedged ratio' to be the same as the one management actually use for risk management purposes. There will be no impact on the Group's accounting as the Group does not have any such hedging instrument.

Notes to the Financial Statements

For the financial year ended 31 March 2017

35. New or revised accounting standards and interpretations (Cont'd)

FRS 109 Financial Instruments (Cont'd)

There is now a new expected credit losses model that replaces the incurred loss impairment model used in FRS 39. It applies to financial assets classified at amortised cost, debt instruments measured at fair value through OCI, contract assets under FRS 115 Revenue from contracts with customers, lease receivables, loan commitments and certain financial guarantee contracts. While the Group has not yet undertaken a detailed assessment on how its impairment provisions would be affected by the new model, it may result in an earlier recognition of credit losses.

The new standard also introduces expanded disclosure requirements and changes in presentation. These are expected to change the nature and extent of the Group's disclosures about its financial instruments particularly in the year of the adoption of the new standard.

FRS 115 Revenue from Contracts and Customers

This is the converged standard on revenue recognition. It replaces FRS 11 Construction contracts, FRS 18 Revenue, and related interpretations. Revenue is recognised when a customer obtains control of a good or service. A customer obtains control when it has the ability to direct the use of and obtain the benefits from the good or service. The core principle of FRS 115 is that an entity recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. An entity recognises revenue in accordance with that core principle by applying the following steps:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

FRS 115 also includes a cohesive set of disclosure requirements that will result in an entity providing users of financial statements with comprehensive information about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

- Amendments to FRS 115: Clarifications to FRS 115 Revenue from Contracts with Customers
- Amendments to FRS 102: Classification and Measurement of Share-based Payment Transactions
- Amendments to FRS 40: Transfer of Investment Property
- INT FRS 122 Foreign Currency Transactions and Advance Consideration

FRS 115 Revenue from Contracts and Customers (Cont'd)

- Improvements to FRSs (December 2016)
 - Amendments to FRS 101: First-time Adoption of Financial Reporting Standards
 - Amendments to FRS 28: Investments in Associates and Joint Ventures

FRS 116 Leases Illustrative Examples and Amendments to Guidance on Other Standards

FRS 116 will result in almost all leases being recognised on the balance sheet, as the distinction between operating and finance leases is removed. Under the new standard, an asset (the right to use the leased item) and a financial liability to pay rental are recognised. The only exceptions are short-term and low-value leases. The accounting for lessors will not change significantly.

The standard will affect primarily the accounting for the Group's operating leases. As at the reporting date, the Group has non-cancellable operating lease commitments of approximately \$46,000 (2016: \$347,000) (Note 31). However, the Group has yet to determine to what extent these commitments will result in the recognition of an asset and a liability for future payments and how this will affect the Group's profit and classification of cash flows.

Some of the commitments may be covered by the exception for short-term and low-value leases and some commitments may relate to arrangements that will not qualify as leases under FRS 116.

36. Authorisation of financial statements

These financial statements were authorised for issue in accordance with a resolution of the Board of Directors of Arion Entertainment Singapore Limited (f.k.a Elektromotive Group Limited) on 16 June 2017.

AS ORDINARY BUSINESS:

- 1. To receive and adopt the Directors' Statement and Audited Financial Statements of the Company and its subsidiaries for the financial year ended 31 March 2017 and the Auditors' Report thereon. (Resolution 1)
- 2. To approve the payment of Directors' fees of S\$195,650.00 for the financial year ended 31 March 2017 (2016: S\$178,482.50). (Resolution 2)
- 3. To re-elect Mr Chou Kong Seng, a Director retiring under Article 107 of the Company's Constitution. [See Explanatory Note (a)] (Resolution 3)
- 4. To re-elect Mr Ng Kai Man, a Director retiring under Article 107 of the Company's Constitution. [See Explanatory Note (b)] (Resolution 4)
- 5. To re-appoint Messrs Nexia TS Public Accounting Corporation as the Company's Independent Auditors and to authorise the Directors to fix their remuneration. (Resolution 5)
- 6. To transact any other ordinary business that may properly be transacted at an Annual General Meeting.

AS SPECIAL BUSINESS:

To consider and, if thought fit, to pass the following resolutions as Ordinary Resolutions, with or without modifications:

7. **"SHARE ISSUE MANDATE**

That pursuant to Section 161 of the Companies Act, Cap. 50 of Singapore and the Singapore Exchange Securities Trading Limited ("SGX-ST") Listing Manual Section B: Rules of Catalist (the "Rules of the Catalist") and notwithstanding the provisions of the Constitution of the Company, authority be and is hereby given to the Directors of the Company to:

- a. (i) issue shares in the capital of the Company (whether by way of rights, bonus or otherwise); and/or
 - (ii) make or grant offers, agreements or options (collectively, "**instruments**") that may or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

b. (notwithstanding that the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any instrument made or granted by the Directors while this Resolution was in force,

provided that:

- the aggregate number of shares to be issued pursuant to this Resolution (including shares to be issued in pursuance of instruments made or granted pursuant to this Resolution) does not exceed hundred per cent (100%) of the total number of issued shares excluding treasury shares of the Company (as calculated in accordance with sub-paragraph (ii) below), of which the aggregate number of shares to be granted other than on a pro-rata basis to shareholders of the Company (including shares to be issued in pursuance of instruments made or granted pursuant to this Resolution) does not exceed fifty per cent (50%) of the total number of issued shares excluding treasury shares of the Company (as calculated in accordance with sub-paragraph (ii) below):
- for the purpose of determining the aggregate number of shares that may be issued under sub-(ii) paragraph (i) above, the percentage of the total number of issued shares excluding treasury shares of the Company shall be calculated based on the total number of issued shares excluding treasury shares of the Company at the time of the passing of this Resolution, after adjusting for:
 - new shares arising from the conversion or exercise of any convertible securities outstanding or subsisting at the time of the passing of this Resolution;
 - (2) new shares arising from exercise of share options or vesting of share awards outstanding or subsisting at the time of the passing of this Resolution, provided the options or awards were granted in compliance with Part VIII of Chapter 8 of the Rules of the Catalist; and
 - any subsequent bonus issue, consolidation or subdivision of shares;
- (iii) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Rules of the Catalist for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution for the time being of the Company; and
- (iv) unless revoked or varied by the Company in general meeting, the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier." [See Explanatory Note (c)] (Resolution 6)

8. "ARION ENTERTAINMENT SINGAPORE PERFORMANCE SHARE PLAN

That the Directors of the Company be and are hereby authorised to offer and grant awards in accordance with the provisions of Arion Entertainment Singapore Performance Share Plan (the "Performance Share Plan") and to deliver existing shares (including treasury shares) and pursuant to Section 161 of the Companies Act, Chapter 50 of Singapore, to allot and issue from time to time such number of shares in the capital of the Company as may be required to be issued pursuant to the vesting of awards under the Performance Share Plan, provided that the aggregate number of shares to be allotted and issued pursuant to the Performance Share Plan and any other share option and/or share incentive schemes of the Company then in force shall not exceed fifteen per cent. (15%) of the total number of issued shares of the Company from time to time." [See Explanatory Note (d)]

(Resolution 7)

9. "ARION ENTERTAINMENT SINGAPORE EMPLOYEES' SHARE OPTION SCHEME 2014

That the Directors of the Company be and are hereby authorised to offer and grant options in accordance with the provisions of the Arion Entertainment Singapore Employees' Share Option Scheme 2014 (the "Scheme") and to allot, issue or transfer from time to time such number of shares in the capital of the Company as may be required to be issued or transferred pursuant to the exercise of the options under the Scheme provided always that the aggregate number of shares to be issued pursuant to the Scheme shall not exceed twenty per cent. (20%) of the total issued ordinary share capital of the Company from time to time." [See Explanatory Note (e)]. (Resolution 8)

10. "GRANT OF OPTIONS AT A DISCOUNT

THAT subject to and contingent upon the passing of Resolution 8 above, the Directors of the Company be and are hereby authorised to offer and grant option(s) in accordance with the Scheme with the exercise prices set at a maximum discount of twenty per cent. (20%) to the Market Price (as defined below), provided that such discount does not exceed the relevant limits set by the SGX-ST.

In this notice, "Market Price" means the price equal to the average of the last dealt prices for a Share on the SGX-ST over the five (5) consecutive Market Days immediately preceding the Offering Date of that Option, as determined by the Committee by reference to the daily official list or any other publication published by the SGX-ST, rounded up to the nearest whole cent in the event of fractional prices." [See Explanatory Note (f)]

(Resolution 9)

By Order of the Board Abdul Jabbar Bin Karam Din Chan Poh Kuan Joint Company Secretaries

Singapore, 23 June 2017

Notes:-

- 1. Save as provided in the Constitution, a member (other than a Relevant Intermediary*) entitled to attend and vote at the Annual General Meeting is entitled to appoint up to two proxies to attend and vote in his stead. A proxy need not be a member of the Company.
- 2. A Relevant Intermediary may appoint more than two proxies, but each proxy must be appointed to exercise the rights attached to a different share or shares held by him (which number and class of shares shall be specified).
- 3. The instrument appointing a proxy must be lodged at the registered office of the Company at 9 Battery Road #15-01 Singapore 049910 not less than forty-eight (48) hours before the time fixed for the Annual General Meeting.
- * A Relevant Intermediary is:
- (a) a banking corporation licensed under the Banking Act (Cap. 19) or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity; or

- (b) a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act (Cap. 289) and who holds shares in that capacity; or
- (c) the Central Provident Fund Board established by the Central Provident Fund Act (Cap. 36), in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.

EXPLANATORY NOTES:

Resolution 3 - Re-election of Mr Chou Kong Seng, a Director retiring under Article 107 of the Company's (a) Constitution.

Mr Chou Kong Seng will, upon re-election, continue as an Independent Non-Executive Director of the Company and the Chairman of the Audit Committee. He will be considered Independent for the purpose of Rule 704(7) of the Rules of the Catalist.

- (b) **Resolution 4** – Re-election of Mr Ng Kai Man, a Director retiring under Article 107 of the Company's Constitution.
 - Mr Ng Kai Man will, upon re-election, continue as an Executive Director of the Company.
- (c) Resolution 6 is to empower the Directors to issue shares in the capital of the Company and/or instruments (as defined above). The aggregate number of shares to be issued pursuant to Resolution 6 (including shares to be issued in pursuance of instruments made or granted) shall not exceed hundred per cent (100%) of the total number of issued shares excluding treasury shares of the Company, with a sub-limit of fifty per cent (50%) for shares issued other than on a pro rata basis (including shares to be issued in pursuance of instruments made or granted pursuant to this Resolution) to shareholders. For the purpose of determining the aggregate number of shares that may be issued, the percentage of the total number of issued shares excluding treasury shares of the Company will be calculated based on the total number of issued shares excluding treasury shares of the Company at the time of the passing of Resolution 6, after adjusting for (i) new shares arising from the conversion or exercise of any convertible securities; (ii) new shares arising from exercise of share options or vesting of share awards outstanding or subsisting at the time of the passing of Resolution 6, provided the options or awards were granted in compliance with Part VIII of Chapter 8 of the Rules of the Catalist of the SGX-ST; and (iii) any subsequent bonus issue, consolidation or subdivision of shares.
- (d) Resolution 7 is to authorise the Directors to offer and grant awards in accordance with the provisions of Performance Share Plan and pursuant to Section 161 of the Companies Act, Chapter 50 of Singapore to allot and issue shares under the Performance Share Plan. The size of the Performance Share Plan is limited to fifteen per cent (15%) of the total number of issued shares excluding treasury shares of the Company for the time being.
- (e) Resolution 8 is to empower the Director of the Company to offer and grant options in accordance with the provision of the Scheme and pursuant to Chapter 8 of Rules of Catalist, and to allot and issue Shares under the Scheme. The size of the Scheme is limited to twenty per cent (20%) of the total number of issued Shares, excluding treasury shares of the Company for the time being.
- (f) Resolution 9 is to empower the Director of the Company to allot and issue shares on the exercise of options granted under the Scheme at a discount.

Personal Data Privacy:

By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the Annual General Meeting and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the Annual General Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the Annual General Meeting (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes; and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

Notes:

- 1. Please insert the total number of shares held by you. If you have shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act, Chapter 289 of Singapore), you should insert that number of shares. If you have shares registered in your name in the Register of Members of the Company, you should insert that number of shares. If you have shares entered against your name in the Depository Register and shares registered in your name in the Register of Members, you should insert the aggregate number of shares. If no number is inserted, this form of proxy will be deemed to relate to all the shares held by you.
- 2. A member of the Company (other than a Relevant Intermediary*), entitled to attend and vote at a meeting of the Company is entitled to appoint up to two proxies to attend and vote in his stead. A proxy need not be a member of the Company.
- 3. The instrument appointing a proxy or proxies must be deposited at the Company's Registered Office at 9 Battery Road #15-01 Singapore 049910 not less than 48 hours before the time set for the meeting.
- 4. Where a member (other than a Relevant Intermediary*) appoints two proxies, the appointments shall be invalid unless he specifies the proportion of his shareholding (expressed as a percentage of the whole) to be represented by each proxy.
- 5. A Relevant Intermediary may appoint more than two proxies, but each proxy must be appointed to exercise the rights attached to a different share or shares held by him (which number or class of shares shall be specified).
- 6. Subject to note 9, completion and return of this instrument appointing a proxy shall not preclude a member from attending and voting at the Meeting. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the meeting in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument of proxy to the Meeting.
- 7. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed under its common seal or under the hand of its officer or attorney duly authorised. Where an instrument appointing a proxy or proxies is signed on behalf of the appointor by an attorney, the power of attorney (or other authority) or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument of proxy, failing which the instrument may be treated as invalid.
- 8. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the meeting, in accordance with Section 179 of the Companies Act, Cap. 50 and the person so authorised shall upon production of a copy of such resolution certified by a director of the corporation to be a true copy, be entitled to exercise the powers on behalf of the corporation so represented as the corporation could exercise in person if it were an individual.
- 9. An investor who holds shares under the Central Provident Fund Investment Scheme ("CPF Investor") and/or the Supplementary Retirement Scheme ("SRS Investors") (as may be applicable) may attend and cast his vote(s) at the Meeting in person. CPF and SRS Investors who are unable to attend the Meeting but would like to vote, may inform their CPF and/or SRS Approved Nominees to appoint the Chairman of the Meeting to act as their proxy, in which case, the CPF and SRS Investors shall be precluded from attending the Meeting.

* A Relevant Intermediary is:

- (a) a banking corporation licensed under the Banking Act (Cap. 19) or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity; or
- (b) a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act (Cap. 289) and who holds shares in that capacity; or
- (c) the Central Provident Fund Board established by the Central Provident Fund Act (Cap. 36), in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.

General:

The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the Annual General Meeting, as certified by The Central Depository (Pte) Limited to the Company.

Personal data privacy:

By submitting an instrument appointing a proxy(ies) and/or representative(s), the member accepts and agrees to the personal data privacy terms set out in the Notice of Annual General Meeting dated 23 June 2017.
